Notice of Proposed Water Rate Adjustment and Public Hearing

Seal Rock Water District (SRWD) remains committed to providing safe, dependable water at a reasonable cost. To keep up with rising operational costs – plus state and federal requirements to test for and remove harmful chemicals like PFAS– the SRWD Board is considering a monthly rate adjustment. This adjustment ensures the District can continue providing high-quality service while meeting all safety regulations.

What This Means for Your Monthly Bill

For most residential customers, the proposed increase amounts to less than 17¢ per day. If approved, the new rates will take effect beginning June 2026, starting with the May-June meter reading cycle and reflected in statements issued at the end of June.

Monthly Usage (Inside District)	Estimated Monthly Increase
0 Gallons (Base Service)	+\$5.00
5,000 gallons used	+\$5.60
8,000 gallons used	+\$7.40

Rates for customers outside the district will remain at 150% of the in-district rate.
